Immunisation Update for Health Care Assistants

Free half day course suitable for experienced Health Care Assistants who currently administer vaccines and require an annual update.

HALF DAY

13:30 - 16:30pm

Wednesday 12 July 2017

Course content:

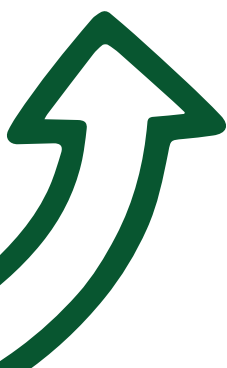

- Current issues in vaccination
- Recent epidemiology of vaccine preventable diseases
- Any changes to the National Immunisation Schedule
- Any changes to legislation relevant to vaccination
- Review of current practice and identification of areas for improvement
- Q&A session for commonly encountered problems in practice

For more information about the course content, please contact Leigh O'Shea, Course Lead at loshea@essex.ac.uk

To apply for a place on this course, please email cprccg.training@nhs.net

This training is fully funded for Southend, Castle Point and Rochford CCGs and will be run at University of Essex, Southend Campus, Elmer Approach, Southend on Sea SS1 1LW
